MEMORANDUM FOR: Deputy Director of Training
FROM : Chief, Junior Officer Training Division
SUBJECT : PROGRESS REPORT

25X1A9a

1. The two day assessment of twelve graduates of the Fourth Intelligence School was presented by [REDACTED] and his staff at a four-hour meeting and the results correlated with what was already known of these junior officers. This assessment was undertaken as an experiment. The findings were so revealing and of such importance in the evaluation of the capacities, attitudes and attributes of these men and women and so valuable in their placement in substantive offices, that the procedure should become a permanent part of the JOT program. A complete written report on each individual is forthcoming.

2. There have been five files inspected and four interviews held.

3. Through the cooperation of the Personnel Procurement Division, meetings have been held with seven field representatives during which the JOT program was outlined and qualifications of candidates discussed. Plans for continuing these contacts and for discussing the individual candidates with field representatives at later dates were worked out.

4. Cadet Program: Individuals trained, now in training and/or committed for training are as follows:
